

## Magic Colorful Flowers Experiment

Use these sheets to help your child think about the experiment and to keep track of their observations throughout the experiment.

| Draw   | a picture of what you think will happen:                                                                  |
|--------|-----------------------------------------------------------------------------------------------------------|
|        |                                                                                                           |
|        |                                                                                                           |
|        |                                                                                                           |
|        |                                                                                                           |
|        |                                                                                                           |
|        |                                                                                                           |
|        |                                                                                                           |
|        |                                                                                                           |
|        | d anything change if we cut the stems shorter or longer? If hat? Do you think it'd make a big difference? |
| 30, 11 | nac. Do you think it a make a big afficience.                                                             |
|        |                                                                                                           |
|        |                                                                                                           |
|        |                                                                                                           |
|        |                                                                                                           |
|        |                                                                                                           |

## Magic Colorful Flowers Experiment

| How quickly do you think it will take for the flowers to change colors? |  |  |  |  |  |
|-------------------------------------------------------------------------|--|--|--|--|--|
|                                                                         |  |  |  |  |  |
|                                                                         |  |  |  |  |  |
|                                                                         |  |  |  |  |  |
|                                                                         |  |  |  |  |  |

Draw a picture of what actually happened. What was different from what you thought would happen?
